

Job Title: Multimedia Editor

Duration: Full-time

Location: New York, NY

Job Requirements:

70 Faces Media is looking for a dynamic storyteller who can turn images into compelling stories for our social media channels. As the multimedia editor you'll produce quick-turnaround projects on a deadline working closely with our audience development and video team. Our publications cover a wide range of topics including news, parenting, food, careers, dating, Jewish traditions, and Jewish culture. Our sites, including Kveller, The Nosh, JTA, Jewniverse and My Jewish Learning reach 2 million people each month.

Job Responsibilities:

- Conceive of and edit short videos geared for social media distribution
- Find footage and images from wire services and online archives
- Design and apply basic motion graphics to video packages
- Publish original and freelance videos to online platforms
- Rework content as appropriate for various social media distribution channels

Minimum Qualifications:

- Excellent written and oral communication
- Excellent organization, time management and interpersonal skills
- Expertise with Adobe Premiere and After Effects
- Experience in online media is a must
- Knowledge of Jewish culture is a plus, but not required

About 70 Faces Media:

70 Faces Media is the largest and most diverse Jewish digital media company in the North America. Our brands - including Kveller, Nosh, JTA, MyJewishLearning, and Jewniverse – have 2M+ unique users each month, millions of video views each month, and 770K social media followers

Please send a cover letter and resume. In your cover letter, please send links to some of your work and tell us your three favorite people or brands that you're following on Instagram on what you like about them.
